

BIOMANCY IMMERSION

Awakening Body Magic

With Dr Azra Bertrand, founder of Biomancy

Starts July 25, 2021. Enrollment is now open.

A new work called '**Biomancy**' is emerging into the world, which is a beautiful and powerful synthesis of Dr Azra Bertrand's 20+ years of experience in the scientific, embodiment, healing and mystical realms. **Biomancy** is the way of the future; where we reclaim the powerful biological magic within our bodies, our psyches and our ecology. **Biomancy** integrates the forbidden knowledge of the high scientists, magicians and alchemists, with the embodied feminine essence, flowing through all of us, when we truly switch on our organic magical power.

- Are you ready to open into a stunning world of bio-magic?
- Do you want to learn cutting edge alchemical sacred science?
- Do you want to switch on the regenerative magic of your body?
- Do you want to immerse in a work that co-weaves with Gaia?

- Do you feel called to learn the secrets of energy healing templates?
- Are you called to become an oracle for the future of Mother Earth?

This incredible new work as already been described as **'life changing'**, containing a huge amount of **'genius'**, and helping people to feel more in tune with their body and the natural world. The journey takes you from the center of the cosmos to the center of your own being, learning how to embody the powers of creation.

Learn the alchemical secrets of:

- Somatic consciousness and embodiment
- Energy healing and cellular repatterning
- Sound healing and vibrational medicine
- Holonomic templates and primal geometries
- Plant magic + Elemental wisdom
- Quantum Biology and Water magic
- Body maps to restore your organic frequency
- Wisdom lineages of alchemy and bio-magic

This year Dr Bertrand is calling for those who know they wish to be part of a renewing ancient knowledge that merges scientific knowledge with feminine knowing, to birth new oracles. This is the time to activate our true power.

The details, prices, dates for the Biomancy Immersion are below. **Or email Louisa Williams, Program Coordinator at contact@azrabertrand.com to register or with questions.**

The next 5-week ***Biomancy Immersion*** course, launches on **July 25th**, which will unfold over 5 weeks with weekly 2-hour online workshops. There will be limited places to create a connected community of Biomancers, with time and space for questions, sharing, and insight. Replays will also be sent out for all participants.

You will know in your blood and your bones if you are called to bio-magic.

BIOMANCY: RESTORING CONNECTION

Biomancy is full of practical magic and knowledge; helping people to reconnect to their own inner knowing and the healing magic within their own bodies; this biomagic is our birthright. Now is the time we need to initiate our own magic.

This work is for everyone, and this journey will connect you into your deep knowing, awaken your body senses and intelligence, root into the body of earth, connect into your soul potential, and become aware of a glittering embodied magic, whilst also receiving an education in the cutting-edge science pioneered by the Alchemists, and still unfolding today. You have amazing powers hidden within.

If we do not know what lives within us, or how our bodies really work, how can we call upon the deep wisdom available to us? We were born magical, and now is the time we reclaim it. At the roots, our reality is unified; our psyche, body, environment, ecology, and cosmology are entangled within our own potential.

BIOMANCY: ROOTING INTO THE FUTURE

At the start of 2020 during the worldwide 'lockdowns,' Dr Azra Bertrand, and his wife and co-creatrix Seren Bertrand retreated inwards and lay on the earth every day for 2 months to receive her oracle wisdom for the future world to come.

The Biomancy vision emerged as a direct result of this communion. Earth wishes for us to reconnect to our bodies to her, and to understand our place in her world. We are in an unprecedented time of shifts and our body knows the way.

The Biomancy work is led by Dr Azra Bertrand, but has been co-visioned with Seren Bertrand, with roots deep in the feminine mysteries of Sophia, including Earth-centered body maps, and the arts of feminine body magic. The Biomancy vision is 'Rooted into the Future' – it includes many aspects of ancient ways and titles; shamanism, wizards, witches, druids, seers, alchemists, priestesses, whilst renewing these old traditions and placing them firmly in the present-future, where we now have to walk wisely. A Biomancer has embodied their bio magic, amplified their oracular psychic powers, and opened their quantum biology.

Never has there been a better time to understand and initiate our inner powers of magic!
